Meeting ID -973 6588 4092

Learning Objectives:

1. Examine the processes health care leaders used to guide urgent decisions in the absence of evidence.
2. Discuss how response mechanisms have evolved to inform future research & innovation.
3. Compare **two** frontline lessons learned that supported the implementation of new policies?

Target Audience:

The Conway Chair Conversations are designed to engage multidisciplinary participants in lively discussions and demonstrations about developing research ideas and solving the challenges that can confront taking that idea into a research study. This series of monthly research discussions feature a different topic each month. Attendees actively shape the ideas and influence their development
