**12:30-1:30pm
Zoom Virtual Meeting**

Learning Objectives:

- Discuss the current standards of care of the critically ill trauma patient, as well as identifying new research and evidence based treatments that are being attempted by other Level 1 Trauma Centers.
- Allow for review of cases with adverse outcomes to identify issues with quality of care. This forum also allows for the discussion of new treatment options for the traumatic patients.
- Gain knowledge and growth of trauma systems.
- Evaluate current patient care and identify areas of quality improvement.
