

**RSS Activity Name:** Children's National Pediatric Emergency Medicine Conference

**Session Title:** Toxicology and CCm/EM

**Speaker(s) Name:** Alicia Rolin, and Ilana Lavina

**Session Date:** 9/21/23

**Time/Location:**

9 am-11am- ED Conference Room

## Learning Objectives:

- Develop a differential for patient presenting with acute dysautonomias and review identifying features of specific diagnoses
- Review the clinical manifestations of serotonin syndrome and neuroleptic malignant syndrome
- Discuss management for serotonin syndrome and neuroleptic malignant syndrome
- Discuss a case of a patient cared for in the ED and subsequently in the PICU
- Using this case as an example, will discuss the pathophysiology of an uncommon presentation of an illness (intentionally vague to allow audience to guess the case as information is presented).

**Accreditation:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center. The Inova Office Continuing Medical Education is accredited by the Medical Society of Virginia to sponsor continuing education for physicians.
