Meeting ID: 946 7009 1350

Learning Objectives:

1. Discuss 'Clinical Advocate', 'Advocacy,' 'Research Advocacy' in the context of perinatal mental health.
2. Explore the types of advocacy/research that effectively communicate and resonate with policy-makers to promote change.
3. Discuss Children's National advocacy research priorities and funding mechanisms.

Target Audience:

The Conway Chair Conversations are designed to engage multidisciplinary participants in lively discussions and demonstrations about developing research ideas and solving the challenges that can confront taking that idea into a research study. This series of monthly research discussions feature a different topic each month. Attendees actively shape the ideas and influence their development
