## Regional Seminar Series

Division of Neonatology

# Transarterial Embolization (TAE) for Seizures Due to Hemimegalencephaly

Monica Pearl, MD, DABR

Wednesday, Jan 31, 2024

3:15pm – 4:15pm

### Learning Objectives

- To increase awareness of a novel treatment pathway (TAE) for neonates and young infants to stop seizures due to hemimegalencephaly.
- To appreciate the complexities of TAE in this unique group of patients.
- To understand the high-level multidisciplinary expertise required to safely perform this treatment pathway.

### Target Audience

Pediatricians, Neonatologists, Neonatal Nurses, Neonatal Nurse Practitioners, Neonatal Physician Assistants

**Accreditation:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center.
