

Children's National™

Children's National Pediatric Anesthesiology Grand Rounds

Activity Code: 870718

Pediatric Ophthalmic Anesthesia

Alecia L. S. Stein, MD

Session Date:

February 8, 2024

Time/Location:

7:00 AM, Zoom

Learning Objectives:

- Compare and contrast of the anatomy of the infant and pediatric vs. adult eye and orbit.
- Identify the characteristics unique to children undergoing ophthalmologic procedures, especially in an ambulatory setting.
- List the different available techniques for the extremely anxious child with a history of multiple exposures to the perioperative environment.
- Recognize and plan for the challenges surrounding pediatric ophthalmic anesthesia.

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center. The Inova Office Continuing Medical Education is accredited by the Medical Society of Virginia to sponsor continuing education for physicians.

Target Audience:

Anesthesiologist, Fellows, Residents and Nurses

[Text code **MAHCAB** to 703-260-9391]
