Target audience: The Conway Chair Conversations are designed to engage us in lively Discussions and demonstrations about developing research ideas and solving the challenges that can confront taking that idea into a research study. This series of monthly research discussions feature a different topic each month. Attendees can actively shape the ideas and influence their development.

Learning objectives:

1. Describe how standardized, reliable methods don't always measure everything you are trying to measure in a study.
2. Explain how a mixed method approach and analysis can yield data about program's effect.
3. Examine how mixed methods research was used in a study of mindfulness and urban youth.
4. Describe the impact of scaling up the *Mindful Mentors Program* has been adopted among the clinical workforce and families

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center. The Inova Office Continuing Medical Education is accredited by the Medical Society of Virginia to provide continuing education for physicians.

Credit designation: The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1.0 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
