Dr. Abrahamson is a graduate of the Sophie Davis School of Biomedical Education at the City College of New York (CUNY). He completed his undergraduate medical training at SUNY Downstate College of Medicine in Brooklyn, NY, and a residency in General Psychiatry at Albany Medical Center, in Albany, NY. He is currently a fellow in Child and Adolescent Psychiatry (F-1) at Children's National Medical Center, in Washington, DC.

Target audience: Psychiatrists, Psychologists, Neuropsychologists, Child and Adolescent Psychiatry fellows, Psychology Doctoral Interns

Learning objectives:

By the end of this talk, participants will be able to:

- Describe risk factors for delirium in hospitalized patients
- Understand how to assess and screen for delirium in patients with ASD
- Identify effective pharmacological methods to manage delirium in patients with ASD.
- Identify effective non-pharmacological methods to manage delirium in patients with ASD.

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center. The Inova Office Continuing Medical Education is accredited by the Medical Society of Virginia to provide continuing education for physicians.

Credit designation: The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1.0 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
