

**Children's National™**

## **Regional Seminar Series**

Division of Neonatology

# **The diagnosis and treatment of neonates with suspected inborn errors of metabolism**

**Debra S. Regier, MD PhD**  
**Chief, Genetics and Metabolism**  
**Interim Director, Children's National Rare Disease Institute**  
**Children's National Hospital**  
**Associate Professor of Pediatrics, George Washington University**

**Date: March 27, 2024**

**Time: 3:15-4:15pm**

### **Learning Objectives:**

After this session, learners will be able to:

1. Create a plan to stabilize a neonate with a suspected inborn error of metabolism.
2. Recognize the appropriate testing strategy for a neonate with a suspected inborn error of metabolism.
3. Identify metabolic disorders that are NOT identified on newborn screen and have common neonatal presentations.

### **Target Audience:**

Pediatricians, Neonatologists, Neonatal Nurses, Neonatal Nurse Practitioners, Neonatal Physician Assistants

**[To claim credit, text **VEDTOM** to 703.260.9391]**

**Accreditation:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Society of Virginia (MSV) through the joint providership of Inova Office of Continuing Medical Education and Children's National Medical Center. The Inova Office Continuing Medical Education is accredited by the Medical Society of Virginia to sponsor continuing education for physicians.

**Credit Designation:** The Inova Office of Continuing Medical Education designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1.0 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
