

Children's National Neonatology Seminar Series

ND-13 role, a NRF2 regulator, in the regulation of NLRP3 inflammasome activation in diabetic nephropathy

Santiago Cuevas, PhD

June 5, 2024

3:15 - 4:15 p.m.

To claim credit, text RODTUB to 703.260.9391 **Target audience:** Pediatricians, Neonatologists, Neonatal Nurses, Neonatal Nurse Practitioners, Neonatal Physician Assistants

Learning objectives:

- 1. Determine the role of inflammasome activation in renal diseases in circulatory immune cells.
- 2. Determine if ND-13, an experimental treatment designed from a DJ-1 protein, can inhibit inflammation and protect renal function in diabetes mouse models.

Accreditation: The Medical Society of Virginia is a member of the Southern States CME Collaborative, an ACCME Recognized Accreditor. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Southern States CME Collaborative (SSCC) through the joint providership of Inova Health System Office of Continuing Medical Education and Children's National Hospital. Inova Health System Office of Continuing Medical Education is accredited by the SSCC to provide continuing medical education for physicians.

Credit designation: The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1.0 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
