

Toxicology, CCM/EM

Kala Frye Bourque, MD Jasmine Thomas, MD

ED Conference Room/Virtual

May 16th, 2024

10 am - 12 p.m.

To claim credit, text **QUWNEV** to 703.260.9391 **Target audience:** Pediatric Emergency Medicine attendings, associates and fellows

Learning objectives:

- Discuss the process of risk assessment and its role in determining the potential harm of a toxic substance.
- Present real-life examples of toxicological incidents or environmental exposures and their consequences
- Highlight current trends or emerging concerns in toxicology, such as the impact of new technologies or substances.
- Discuss strategies for preventing toxic exposures and potential treatments for toxicological incidents.
- Discuss a case of a patient cared for in the ED and subsequently in the PICU
- Using this case as an example, will discuss the pathophysiology of an uncommon presentation of an illness (intentionally vague to allow audience to guess the case as information is presented.

Accreditation: The Medical Society of Virginia is a member of the Southern States CME Collaborative, an ACCME Recognized Accreditor. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Southern States CME Collaborative (SSCC) through the joint providership of Inova Health System Office of Continuing Medical Education and Children's National Hospital.
