to 703.260.9391

Target audience:

Surgical Critical Care Fellow

Surgical Residents

Trauma and Acute Care Surgery Nurses

Learning objectives:

1. Identify systemic and neurologic processes that contribute to secondary brain injury after head trauma
2. Describe evidence supporting the utility of brain tissue oxygen monitoring to guide management in severe TBI
3. Identify therapies that can be used to treat brain tissue hypoxia.

Accreditation: The Medical Society of Virginia is a member of the Southern States CME Collaborative, an ACCME Recognized Accreditor. Inova Health System Office of Continuing Medical Education is accredited by the Southern States CME Collaborative to provide continuing medical education for physicians.

Credit designation: The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)TM. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians may claim up to 1.0 credit in Type 1 CME on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.
