- Identify at least 2 medical or environmental factors that may present with behavioral symptoms consistent with ADHD or anxiety and describe how targeted intake questions can differentiate these presentations.
- Describe at least two somatic contributors to school refusal that are frequently underreported, and identify specific intake language that improves accurate disclosure from children and families.
- Construct a behavioral health referral that includes a specific clinical question, relevant background history, and stated expectations for follow-up communication.

Accreditation: The Inova Office of Continuing Medical Education is accredited by the Medical Society of Virginia to provide continuing medical education for physicians.

Credit designation: The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)TM.
